## **Purpose**

*Economic development through a racial equity lens.*

## **Mission**

*The holistic betterment of our community; reversing the effects of racism one person and cause at a time.*

## **Vision**

*To restore North County to a safe, vibrant, sustainable, and economically sound community that remains diverse, and in doing so, help heal the racial strife and division that threatens to ruin North County altogether.*

We thank the volunteers, contributors, attendees, and local shops that made the May 21 Kickoff Picnic and Fundraiser possible! It was a wonderful time of community togetherness and we raised over \$1,400!

## Summer series – Transitioning Well

We began our summer volunteer series at St. Vincent's Home for Children June 3. The age group of the kids ranges from 16-21.

The first two Saturdays were about holistic living. Session 1 included financial and practical knowledge. Session 2 included health and wellness. The next two sessions are about education, then employment, then policy. We will cover Missouri's new voting ID requirement, help the kids register to vote, and inform them about 2018.

We conclude on July 29 with an arts celebration and reception. We will give the kids a blank canvas, which will symbolize their fresh start following transition, and allow them to paint anything they want.

Eric and the singers will perform and we will celebrate that the kids are ready to Transition Well!
